

carrot
(German: Zuckerbrot)

m8

Inventor: God
German: Zuckerbrot und Peltsche. The Brain tells "child", you have to eat that again (because sugar has a lot of energy) so you want more sugar/carrots. Unfortunately, it is also possible, to use the carrot (or maybe money) to lead the child into the wrong direction: for example, if someone would reward it, if brother pulls the little sister at her hairs, this would be a bad stimulus-reaction-habit too. Parents who would do such crap would deny the existence of Behavioral "Sciences"...

You get sweets almost in every store, so the kid learns early to consume at the sugar-armed salesmen that would argue, that he is Zaccchaeus, chief tax-farmer and would claim that he is entitled take the money for carrots.

doctor's dignity

Inventor: Pope Honorius III Year: ~1219
After the classic course through the gymnasium (n > 5 years) and about 10 years in a random university, one gets maybe a master's degree or the doctor's dignity. Requirements seems to be at least some random doctoral thesis in the field of study, and in Computer Science maybe Rank 50 in Battlefield BC2 is also required but unsure which of both is essential... Also some sort of Limbic System Vulnerability Hack, our brain is susceptible to the cute appearance of children and reminds us of our (happy) childhood with equal aged kids. This is "used" by advertising as well as by people like Epstein that possibly used the victims to get influence in politics, science... Scientifically spoken: It is about "Wahrnehmungspsychologie", the shape of the head, which also reminds us of ourclassmate in our childhood. Sociopaths ignorantly don't care about childrens future, if they can sell more junk they would even roast a child (maybe "only" with an active denial system of course) if they just can make more profit... this is a blue card with a kid, but the kids are the victims not those who abuse this principle.

Law article

m26

Inventor: xxxxx Year: ~???
In the preamble of the Swiss Federal Constitution is written: In the name of God! We can therefore assume that for everything that went wrong, People produced an law article for, and over the years they also produced laws and regulations that benefits a single supplier or cartel for a specific application, (for example, Swiss fire protection regulations)
And of course there are also good things in the law, for example having law that specifies how bridges should be built to prevent things like Ponte Morandi (English: Morandi Bridge). Unfortunately many people ignore the law that leads to many innocent deaths. When Justice System is illegitimate or is abused by the powerful, citizens loose faith in the law that leads to more problems. => Whistleblowers

Jus Primae Noctis Rape

m38

Inventor: Satan Year: ~???
Someone who grown up christian monogamous and that is 100.0% true could easily be owned if anybody would rape his girlfriend, if t1, t15 cards are also abused, one could easily create an at1 card out of the christian. For example also Autistic People would be 100% monogamous. So we guess this is known since many decades and the military uses this principle to kill as many autistic people or at least owne them because autistic people would want to find out everything and would therefore become whistleblowers. If they would succed with "therapy" against his monogamous behaviour maybe then his girlfriend would have the same problem. see m15 cards (last line)
