Crown

Inventor: xxxxx

A crown (Latin corona, the wreath ; Greek κορώνη, 'wreath', 'crown') is a precious, mostly made of gold and precious stones, predominantly of the Christian-Occident ruler: it expresses its power and dignity(?) as well as symbol for being ignorant, normally if one would sell the crown, he would have money to save many kids in the 3rd world. See also m40 Card. Frequently used in advertising, most often adapts / compensates low self-esteem, that is often a result if a father bosses around the kids to compensate his own low self-esteem that he maybe has from his father or boss or shrink.

laurel wreath

Inventor: xxxxx

A laurel wreath is a wreath made of branches and leaves of the laurel (latin laurus). The laurel wreath is a symbol and an insignia for a special honor or distinction, for a victory (eg. for killing sheeps or even innocent children) or a special success. So to say the special super-duper superman hero To compensate low self-esteem (object fixation) with this once-received laurel wreath. About as intelligent as using always the one and the same One-Time-Pad.

Lion

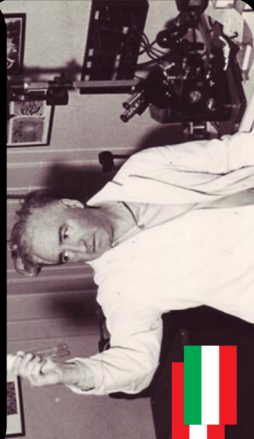

Inventor: xxxxx

The carnivorous lion symbolizes the Alpha Animal in a (social)-system. In Economy these are often trend-setters that make their followers buy things they don't really need. They use the an satans global marketing infrastructure that unfortunately also kills innocent kids in the 3rd world but als eg. in switzerland a you see on card m46. Being in your circle of equal aged people is normally much more satisfying but the infrastructure tries to split them with eg. sk1 && b1, co6, co7, m37 -> m46 -> dt1.... Maybe useful as bad example or as carpet, (note, hopefully this picture represents a faux fur lion, so no animal had to die). The "master" lion seems to create other lions as scapegoates but also to make them defend him and his Hitler-Mental-Operating-System

fool's cap

Inventor: xxxxx

In the Middle Ages a fool or a Tor (german: töricht = foolish) was the person, who entertained the royal household and was dressed mostly strange but funny. The term "fool" also refers to persons who are very immature, stupid, clumsy, biased, prejudiced, ignorant. I guess "ignorant" was inserted later. The fool is normally not ignorant and if the king has a black heart it would be even dangerous to tell him what many others think directly in his ***** face. Kings often do not want to look in the mirror because they know normally that they are fat, hairy and ignorant. The fool tries to show the king his own stupidity without being killed (jester's licence) by the king (= Satan)
