Inventor: Satan / Eugen Bleuler
N. Lat.: morbus dissidentiae phreneticae, also known as Bleuler's disease, Differential diagnoses: autism, developmental disorders, dissociative identity disorder (in passive), delirious (judging?) Depression, injuries, tumors in the brain, various forms of dementia, confusion, disorientation, psychotic states, Borderline Personality Disorder, random personality disorder, compulsive thoughts, pernicious anemia, induced disorder #MKULTRA.

Marc found strange behavior in the LAN in Altstetten (ABB, 1999), he guessed this must be CIA footprinting / enumeration for world domination. They attack the 20 years old Marc with illegal drugs declared him schizophrenic(discriminate / discredit / isolate / planning / calling him a rapist. They did experiments with hum to force others to commit suicide, but thats not marcs fault)

Jus Primae Noctis
Rape

Someone who grown up christian monogamous and that is 100.0% true could easily be owned if anybody would rape his girlfriend, if t1, t15 cards are also abused, one could easily create an at1 card out of the christian. For example also Autistic People would be 100% monogamous. So we guess this is known since many decades and the military uses this principle to kill as many autistic people or at least own them because autistic people would want to find out everything and would therefore become whistleblowers. If they would succed with "therapy" against his monogamous behaviour maybe then his girlfriend would have the same problem. see m15 cards (last line)

Law article

\$\$\$

m26

Inventor: xxxxx
In the preamble of the Swiss Federal Constitution is written: In the name of God! We can therefore assume that for everything that went wrong, people produced an law article for, and over the years they also produced laws and regulations that benefits a single supplier or cartel for a specific application, (for example, Swiss fire protection regulations)
And of course there are also good things in the law, for example having law that specifies how bridges should be built to prevent things like Ponte Morandi (English: Morandi Bridge). Unfortunately many people ignore the law that leads to many innocent deaths. When Justice System is illegitimate or is abused by the powerful, citizens loose faith in the law that leads to more problems. => Whistleblowers

Also some sort of Limbic System Vulnerability Hack, our brain is susceptible to the cute appearance of children and reminds us of our (happy) childhood with equal aged kids. This is "used" by advertising as well as by people like Epstein that possibly used the victims to get influence in politics, science... Scientifically spoken: It is about "Wahrnehmungs-psychologie", the shape of the head, which also reminds us of ourclassmate in our childhood. Sociopaths ignorantly don't care about childrens future, if they can sell more junk they would even roast a child (maybe "only" with an active denial system of course) if they just can make more profit... this is a blue card with a kid, but the kids are the victims not those who abuse this principle.

Limbic System
Vulnerability

m15

Inventor: Satan / Capitalism / Advertising Industry
Since we are genetically still over 90% identical to our ancestors that were driven by the limbic system (Neandertals, Monkeys, RUST™-Bots) our brain is vulnerable eg. to fat food, sex, kids slides. This is used by advertising industry, but also "used" for imposing your will upon others. Michael Foucault: "Human body and the human disposition in terms of the priority of sexual desire" (Euphemism). A Sociopath does not care about the sexual integrity of others, his primary focus is to sell crap and he would also abuse the SSC BDSM card and ignore resulting consequences. ma38 -> c01 && t1 && b1 -> m32 -> a16 -> m37 -> dt1. For example take a folder with evidence for torture and add 50% BDSM-Porn Images to it and nobody will talk about the evidence.

Porn

Since reproduction (and therefore also to have sex) was vital for the preservation of the species this early part of the brain has lot of influence to an individual. If your NeoCortex does not know about this Vulnerability one can easily abuse it's backdoors for example to sell you overpriced cars by simply putting a half naked women on top of car (and transmit with eg t1 card: "The woman ins inclusive") The limbic system, is responsible for processing emotions and instinctive behavior; see Sexualitätsdispositiv (Michael Foucault) Can drive people that dont know about this vulnerability to do things they would normally not do. A healthy and consensual sexual life is maybe even good for the Endocrine System. I guess our (Parents play this card and mos2 card mainly to obfuscate technology cards and if we would find prove that would bring the older people into jail.
